Ms. Middleton,

My name is Cheryl Williams and I am the Team Lead for the Hazardous Waste Compliance Unit in the Seattle Regional Office of the Environmental Protection Agency (USEPA). I am writing to ask for information regarding recent incidents at the North Pole Refinery.

I would like to obtain a copy of any information/documentation you might have on fires at the North Pole Refinery on June 20 and June 22, 2013.

According to the information I received from the North Pole Refinery, it was necessary for them to initiate their contingency plan for fires that ignited in roll off container at their facility on these dates.

Please feel free to call me if you would like to discuss this further.

Sincerely,

Cheryl

Cheryl Williams, Team Lead
